

LE MAIRE DE LA COMMUNE

To the Citizens of Saint-Jean-Cap-Ferrat

06230 – SAINT JEAN CAP FERRAT

Saint-Jean-Cap-Ferrat, le 2 décembre 2024

Courrier simple

N/Réf : JFD/JFF/MK/VB/2024/n°

**Object : 2025 Population Census : From January 16 to February 15, 2025**

Dear Residents,

From January 16 to February 15, 2025, Saint-Jean-Cap-Ferrat will conduct its population census. During this period, census agents authorized by the Town Hall will visit your homes to collect essential data for the development of our community.

The census is far more than a mere formality. It provides a detailed image of the population, enabling a better understanding of everyone's needs. With this operation, the town will be able to adjust its infrastructure, public services, and facilities to better meet residents' expectations. Additionally, the census establishes official population figures, a key factor in determining the amount of state financial aid allocated to the town. The larger our population, the greater the resources Saint-Jean-Cap-Ferrat will receive, enhancing the quality of life for all.

Participating in the census will take only a few minutes, but its impact will be felt for years. Whether you choose the paper or online questionnaire, every response is valuable. Thanks to your participation, Saint-Jean-Cap-Ferrat will be able to better plan its future and strengthen its efforts for the community.

From January 16 to February 15, 2025, you can complete the questionnaire online at **[le-recensement-et-moi.fr](https://le-recensement-et-moi.fr)**. To do so, enter your access code, password, and housing ID provided in the notice you will receive by mail or from a census agent. Then, simply follow the instructions to answer questions about your home and individual information, and click "submit the questionnaire" to finalize your participation.

Census agents will be available to assist you when the time comes.

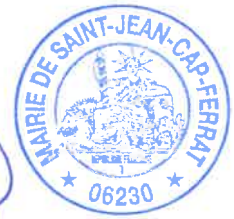

**LE MAIRE DE LA COMMUNE**

This year, our town will also participate in the INSEE national "Families" survey, which examines the diversity of family structures and lifestyles. This is an additional opportunity to deepen our understanding of local realities.

Together, let's make Saint-Jean-Cap-Ferrat a community even more suited to all its inhabitants needs.

Please accept the expression of my highest regards,

**Le Maire**

Jean-François DIETERICH
